Titles of Luisa for December 23, 24, 25, 26

V27 – 1.20.30 - Now, *You Must Know* that just as you Luisa find, Present in the Divine Fiat, the Creation of the Sovereign Lady and you Sing Her praises as Queen, so did She find you Present in the Same Divine Fiat and heard your singing. The Mama does not want to be outdone by the daughter; from that time She Sang your Praises to Honor that Divine Will that was to Possess you; and in order to requite your Singing, how many times She calls the heavens, the sun, the Angels, and everything, to Sing the Praises of Her little daughter who wants to Live in that Fiat that formed all Her Glory, Her Greatness, Beauty and Happiness."
