

Luisa and What it Means to Live in the Divine Will

#4

From the Book of Heaven

Volume 20 – January 16, 1927

One who Lives in It (the Divine Will) takes everything as though in one blow.

“My daughter, one (Luisa and the souls Linked to Luisa) who Lives in the Divine Will takes everything together, as though in one blow. In fact, since My Divine Will is Everywhere, there is nothing that can escape It, Its Life is Eternal, Its Immensity knows no limits, nor circumferences, therefore the soul (Luisa and the souls Linked to Luisa) who Lives in It takes the Eternal God, all the heavens, the sun, everything that exists, the Virgin, the Angels, the Saints—in sum, everything. And as she prays, palpitates, breathes, Loves, her Act becomes Common to all; so, all palpitate from her heartbeat, all breathe with her breath, all Love with her Love, because wherever My Divine Will Extends, It moves all to do the Act of one (Luisa and the souls Linked to Luisa) who Lives in It. From this, it happens that since the Sovereign Queen has the First Place in the Divine Fiat, She (the Sovereign Queen) feels the little daughter (Luisa and the souls Linked to Luisa) who Lives in It close to Herself; and associating Herself with her, She (the Sovereign Queen) repeats what she (the soul Living in the Divine Will) does together with her, and places Her (the Sovereign Queen’s) Seas of Grace, of Light, of Love, in Common, because one is the Will of the Mama and of the little daughter (Luisa and the souls Linked to Luisa). Even more, the Height of the Sovereign of Heaven feels Honored in her (the soul who Lives in the Divine Will), with Acts of a Divine Will; She (the Sovereign Queen) Feels that this little daughter (Luisa and the souls Linked to Luisa) enters into Her (the Sovereign Queen’s) Seas, and stirring them with her (the soul who Lives in the Divine Will) acts, she makes them swell, to double them and expand them. But to do what? To let her Creator receive doubled Divine Glory, and Love from her (the soul who Lives in the Divine Will) very Seas of Love; and to place the Seas of her Celestial Mama as though in a Bank, so that She (the Sovereign Queen) may Receive Doubled Glory.

“Therefore, though little, this creature (Luisa and the souls Linked to Luisa who Live in the Divine Will) moves Everything, she imposes herself on everything; all let her do; all feel the Power of the Good that she (Luisa and the souls Linked to Luisa) wants to Give to all. So, she (Luisa and the souls Linked to Luisa) is little and Strong; she is little and she is Present everywhere; she is little and her Prerogative is Littleness, therefore she possesses nothing—not even her will, because, voluntarily, she has given it to the One who had Right over it. And the Divine Will gives her Everything—there is nothing which It does not Entrust to her. Therefore, the Prodigies of the Living in My Divine Will are Indescribable and Innumerable. Oh! if all Knew what it Means to Live in My Divine Will, and the Good they Receive—even more, there is no Good which they do not take, there is no Good which they cannot do—they would all compete and Yearn to Live in My Holy and Adorable Volition.”
