

"My daughter, as soon as I came out of the womb of my Mama, I fixed my gazes – one on my dear Mama; nor could I do without looking at Her, because in Her was the enrapturing force of the Divine Will and the sweet enchantment of the beauty and most refulgent light of my Fiat which, eclipsing pupil of my eye, made Me remain fixed in She who possessed my very life by virtue of It".

*From the diaries of the Servant of God Luisa Piccarreta
December 25, 1927*

***Merry Christmas
and Happy Year 2014***
