

## *Luisa in Who the Divine Will Sows Light, Love, Varieties of Beauty and Sanctity*

**V36 - 5.17.38** - "My daughter, every day the sun gives light, heat, sweetness, fragrances, color, fecundity and different flavors, and with this, it embellishes the earth. By just touching with its light and molding with its heat, it fecundates the plants and the whole of nature. It sweetens the fruits and gives a variety of colors and fragrances to flowers, forming a sweet enchantment for human generations. The same thing happens with My Will which, Immensely exceeding the sowing of the sun, sows Light, Love, Varieties of Beauty and Sanctity in the one who Lives in It. It gives to each Seed, a Divine Fecundity. Oh, how Beautiful it is to see this Embellished creature, Fecundated by Our Divine Sowing. How Special she is, forming the Enchantment of Our Divine Pupils. Now, My daughter, in order to receive the sowing of the sun, the earth, the flowers and the plants must let themselves be touched by its light and heat, otherwise the sun would remain at the height of its sphere, not being able to sow in the earth. The earth would remain sterile, without fecundity and beauty, since union and agreement from both sides are needed to give and receive any good. Without these, one cannot give and the other cannot receive. In the same way, in order for the soul to receive the Sowing of My Will, she has to Live in It, being always United with Perfect Agreement. She must let herself be Molded in order to receive a New Fecund Life. Otherwise, as with the sun, My Will doesn't Sow and the creature remains sterile - without Beauty - in the darkness of her human will. This is Why I Want the creature to Live in My Will. Furthermore, I Myself become the Farmer in charge of the Sowing. I make sure it doesn't get wasted, in order to Produce the most Various Beauties."
