

Keep the Light of the Passion Ever Before Your Mind

V2 - 9.2.99 - Then, as I was in my usual state, my Sweet Jesus came and I Manifested to Him the Command received; and He went away. Only once, while I was saying to Him, 'do not come, for Obedience does not want it', He told me: "My daughter, keep the Light of My Passion ever before your mind, for in seeing My most bitter Pains, yours shall seem small to you; and in considering the cause for which I Suffered so many Immense Pains, which was sin, your smallest defects shall seem grave to you. On the other hand, if you do not Reflect yourself in Me, the littlest pains shall seem heavy to you, and you shall hold grave defects as nothing." And He disappeared.
